SUMMARY

MCA graduate (2026) with hands-on experience building full-stack web applications through academic and personal projects. Proficient in Java, Python, JavaScript, PHP, and MySQL, with practical exposure to React.js on the frontend, Node.js on the backend, and REST API design and database integration. Built projects including a multi-restaurant table booking system and a sign language recognition application using OpenCV. Seeking a Software Developer role to apply strong problem-solving skills and grow within a hands-on engineering team.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript, React.js
Back-End: PHP, Node.js
Databases: MySQL, MongoDB
Languages: Python, Java, JavaScript, PHP
Tools & Platforms: Git, GitHub, VS Code, Postman

VIRTUAL EXPERIENCE

JPMorgan Chase & Co. | *Software Engineering Job Simulation — Forage* June 2026

- Completed a software engineering simulation involving backend development concepts and API design
- Worked with Java-based application development and database integration in a simulated business environment
- Gained exposure to REST APIs and real-world software development workflows

PROJECTS

Multi-Restaurant Table Booking System | *PHP, MySQL, HTML5, CSS3, JavaScript* | GitHub Repo

- Built a PHP/MySQL table booking platform supporting multiple restaurants with real-time availability checks and reservation management
- Designed backend routes handling booking creation, validation, and conflict checks across concurrent reservations
- Created an admin dashboard to manage restaurants, tables, and customer reservations

Sign Language Recognition System | *Python, OpenCV, NumPy* | GitHub Repo

- Built a real-time sign language recognition system using Python and OpenCV, converting hand gestures into text output
- Implemented image preprocessing and gesture classification pipeline for improved recognition accuracy
- Designed a lightweight interface for live gesture-to-text conversion

CERTIFICATIONS

30 Days MasterClass in Full Stack Development | *NoviTech R&D Pvt. Ltd.* April 2026
Full Stack Developer Workshop | *GUVI x HCL* February 2026
MongoDB from Zero to CRUD — Hands-on Database Workshop | *GUVI x HCL* March 2026
Getting Started with Artificial Intelligence | *IBM SkillsBuild* March 2026
Data Structures — Value Added Course | *Virudhunagar Hindu Nadars' Senthikumara Nadar College* November 2024
Java Programming | *Mindluster* October 2023

EDUCATION

MCA — Virudhunagar Hindu Nadar College, Madurai Kamaraj University 2026
Score: 77.7%
B.Sc. Information Technology — Virudhunagar Hindu Nadar College, Madurai Kamaraj University 2024
Score: 70.28%
HSC — Sairam Matriculation Higher Secondary School 2021
Score: 84.33%
SSLC — St.John De Britto's High School 2019
Score: 76.6%
